Committee of Congress Makes Two Reports to House

OPPOSED TO REVISION

The Republican Majority Would Wait Until Next Session

Democratic Minority Urges Placing of Pulp and Printing Paper on the Free List at Once.

Washington, May 28.—The print paper committee of the house made two reports to the house today, one by the Republicans, the other by Democratic members.

A Republican majority of the committee says: "As the present price of paper would not, to any considerable degree, be immediately effected by a repeal of the tariff and as the passage of the Stevens bill in its present form might spell ruin to the paper industry and ruinously high prices for paper in the near future, your committee believes it the part of wisdom before making recommendations for positive legislation to await until its investigation has been completed next session and thoroughly digested."

The Democratic minority says: "We find that revenues derived from import duties on pulp and printing paper are so small and the benefits to be obtained from abolition of those duties are so considerable, that we urge the placing of pulp and printing paper on the free list. We favor the immediate consideration and passage of the Stevens bill."

TERWILLIGER

Still Continues in Nervous State, But Eats Heartily—Loss of Sleep May Result in Illness.

Ernest Terwilliger, the wife murderer, continues in a nervous state of excitement as he rests in the county jail, and repeats his declaration to the Advocate of Wednesday, that he doesn't care whether he gets an attorney or what beamed of him.

Terwilliger rested but little Wednesday night and the strain from loss of sleep and worry is telling on him rapidly. He is the heartiest eater in the jail, disposing of all the food that is given him and often eating a part of one of the other prisoners' rations that is left over.

He is being treated with every consideration by Turnkey Christopher in an effort to relieve the strain and improve his physical condition lest he should become seriously ill.

DIXON'S SUCCESSFUL FLIGHT.

Columbus, O., May 28.—Cromwell Dixon, the boy aeronaut, made a successful flight today at the State Fair Grounds in his new airship. The wind was very strong and Dixon did not attempt a high flight. He seemed to have perfect control of his machine and manipulated it with ease, sending it in every direction. After an hour's flight he descended in safety.

ZANESVILLE

Captures Republican Judicial Convention of Fifth District—Will be Held June 30.

Coshocton, O., May 28.—At a committee meeting held in this city this afternoon it was decided to hold the Republican Judicial convention of the Fifth Judicial district at Zanesville on Tuesday, June 20.

Judge Adams of Zanesville, was selected as temporary chairman, and J. A. Welker of Canton as temporary secretary.

DESTRUCTIVE FIRE.

Hillsboro, O., May 28.—Fire which threatened the destruction of the business section was extinguished early today with a loss of \$85,000.

NEW DEMOCRATIC STATE EXECUTIVE COMMITTEE

Columbus, May 28.—At the meeting of the Democratic State Central committee on Wednesday, William L. Finley was elected chairman of the new Executive committee, as was wired the Advocate.

The selection of the State Executive committee was then gone into upon motion of James Ross of Columbus, who fixed the size of the committee at one member from each district. On the roll call the following were named:

John L. Shuff and Jephtha Garrard, Cincinnati; Isaac E. Huffman, Hamilton; Charles Marshall, Sidney; John S. Snook, Paulding; C. E. Gain, London; John E. Brennan, Urbana; Dennis C. Donovan, Toledo; L. Belford, Jackson; Wallace D. Yapple, Chillicothe; Wm. G. Sharp, Elyria; E. D. Follett, Marietta; Hamilton Glass, Flushing; A. C. Miller, Akron; Thos. P. Schmidt and George R. McKay, Cleveland.

Vacancies from the Sixth, Twelfth, Thirteenth, Seventeenth and Eighteenth Congressional districts are yet to be filled by the central committee-men from those districts.

The Executive committee was authorized to consider seven as a quorum.

Judge Harmon, who was present at the meeting, left for Xenia, where he addressed the Sixth District Democratic Congressional Convention.

The new chairman for many years was secretary under the late Chairman Harvey C. Garber, and took an active part in the nomination and election of Governor John M. Pattison, who appointed him state oil inspector in 1906. He is a strong Bryan supporter, and has a high reputation for powers of organization. In the contest over that subject Mr. Finley has been always found on the law and order side.

BIG CLAIMS FOR GOVERNOR JOHNSON

Chicago, May 28.—F. B. Lynch, manager of the Presidential boom of Governor John A. Johnson, yesterday issued a statement, claiming that Johnson would be nominated on the second or third ballot.

He declares 684 Democratic delegates have been elected to date, and that of these 418 are for Bryan. This leaves 318 delegates to be chosen, most of them from the South.

Lynch claims at least half of these for Johnson, enough to prevent Bryan's nomination.

NO LIQUOR SOLD AT DENVER CONVENTION

Denver, Colo., May 28.—There will be no liquor sold in the Convention Auditorium in Denver where the National Democratic convention meets in July. A large sum was offered for a concession for a bar, but it was turned down by the committee.

COMMENCEMENT

Of Hebron Schools Will be Held on Wednesday, June 3, at Odd Fellows' Hall.

The sixteenth annual commencement exercises of the Hebron public school, will be held at the I. O. O. F. hall, June 3 at 7:30 p. m. No admission. The baccalaureate sermon will be preached by Rev. Mr. Pierce at the Church of Christ, Sunday, May 31 at 10:30 a. m. The alumni banquet will be given I. O. O. F. hall June 8.

DEMOCRATS WILL

Washington, May 28.—Democratic senators today on the currency bill decided that they would not filibuster against its passage. There will be a discussion to enable them to set forth their opposition to the bill but final adjournment they think may be had tomorrow night or Saturday.

BRINGS SUIT

To Recover \$72,800 from Estate of Late Abner McKinley, Saying Money Belongs to Creditors.

Canton, O., May 28.—Suits have been instituted by administrator Robt. S. Shield to recover from the widow of Abner McKinley, \$72,800 which it is claimed he collected on eleven insurance policies. The petition claims that Abner McKinley was not in a condition mentally to transact matters of business when transfer of policies was made to his wife. The money, Shields says, properly belongs to Abner McKinley's creditors.

FLORIDA

Repeatedly Hit by Shots from the Arkansas

TEST GRAND SUCCESS

Largest Naval Gun, Heaviest Projectile and Highest Explosive

Do But Little Damage and Naval Experts are Greatly Pleased With Experiment.

Old Point Comfort, Va., May 28.—The Monitor Florida yesterday withstood the most severe test in Hampton Roads that has ever been inflicted on a war vessel of the American navy in time of peace.

She was made a target for a terrific onslaught from the twelve and four inch guns of her sister ship the Arkansas and although hit several times, twice with shells containing a new high explosive, the composition of which is kept secret, she was taken back to the Norfolk navy yard but little damaged.

The heavy eleven inch armor plate on the right front of her turret was stove in and several steel tubes of her new military mast were cut in twain, but she was otherwise undamaged.

When it is understood that the biggest naval gun, the heaviest projectile and the highest explosive known were allowed, at close range and with deadly aim, to work their full havoc on the turret plate of the monitor Florida, the thoroughness of the test and the stability of the vessel may be partially appreciated at least.

The result is declared to be a victory for turret construction.

It was not five minutes after the terrible impact that the finely balanced mechanism of the turret was being worked with ease, and the 12 inch gun on the left side was trained at will.

Inside the turret, where stand the gunners and gun crew, the havoc was much less apparent than from the outside. Examination showed that of the many delicately adjusted instruments for fire control, sighting and operating the turret, few, if any, were out of working order.

"If this had taken place in battle, the Florida would be fighting yet," said one of the rear admirals, with enthusiasm.

Then followed a futile attempt to destroy the newly designed fighting mast on the stern of the Florida. After five shots of the guns had gone through it the mast stood firm.

"Forty shots would not bring it down, and no enemy would waste ammunition and time shooting at it," was the expert comment.

It is now predicted that all new ships will be equipped with battle masts of this design.

The story of the "shooting up" of the Florida by the Arkansas however, is not contained in this technical statement of results. It was an event in which the keen edge of expectation was not dulled by the realization.

Rear admirals and brigadier generals, together with their juniors, scurried under protected decks and then hopped out again as quickly to look for the damage done by the impact and the roar they had felt and heard.

Every naval bureau was represented, likewise the ordnance and artillery of the army.

The scene of the real war demonstration, Hampton Roads, already had been made famous by naval events, the last being the departure of the Atlantic fleet on its long journey around the world, which was reviewed by President Roosevelt.

PHILLIPS FOR "TEDDY"

Pittsburg, Pa., May 28.—T. W. Phillips, of New Castle, Pa., a delegate to the Republican national convention at Chicago, was in Pittsburg today and gave out a lengthy statement in effect that so long as there was a possible chance of President Roosevelt accepting the nomination he would work and fight for him. This is somewhat of a wallow at Taft, as Phillips led the revolt against Knox here and was understood to favor Taft.

Phillips is a wealthy oil and iron man, well known to several men of Newark.

WOMAN CANDIDATE RECEIVES A THOUSAND VOTES

Mlle. JEANNE LALOE HARANGUING THE VOTERS OF SAINT GEORGES QUARTER, PARIS

Paris, May 28.—Interesting statements have been made regarding the candidacy of Mlle. Jeanne Laloe at the recent municipal elections, in which she obtained a thousand votes. Her original intention was simply to make a few preliminary inquiries regarding the possibility of a woman being a candidate, with the object of writing a newspaper article. The matter was taken more seriously by the authorities than she expected, and although she had no intention of making a serious effort, she was surprised to find that she had obtained a thousand votes.

CABINET POSITION

MAY BE CREATED FOR MEMBER OF DEPARTMENT OF NATURAL RESOURCES.

President Will Probably Urge the Creation of New Office in Next Message to Congress.

Washington, May 28.—Another cabinet job? The Department of Natural Resources?

Congressmen and public officials are asking themselves seriously if this will not be the logical outcome of the recent conference of governors over which President Roosevelt presided at the White House.

There has long been agitation for a Department of Mines and Mining. So also, there is a well defined sentiment favoring greater recognition of the problems of forestry, irrigation, and drainage. Consolidation of governmental work in all these fields, it is urged by some, would make more effective the policy of conservation through wise use which has been so earnestly advocated by the President.

Forestry, irrigation, land reclamation, and mining are all closely coordinate. Upon regular waterflow and unfailing reliability of water depends the irrigation of semi-arid lands, and denudation of the forested watersheds directly destroys this balance. The miner must have forests easily available for the construction of flumes, mine timbers, and building while the vast areas reclaimed from swamp are, in a great many cases, only available for forest planting.

The Forest Service and the Reclamation Service are at present not only separated, but are attached to different departments—the Department of Agriculture and the Department of the Interior. Both occupy large buildings of their own and Chief Forester Pinchot and Chief Engineer Newell each have jurisdiction over as many employees as either of the Departments to which they are subordinate. The Geological Survey, attached to the Interior Department, and which has to do with mines and mining—and that to only a limited extent—is also a big organization.

MANY LIVES

Lost in Typhoon Flood and Coal Mine Fire in China—Japanese Liner Brings Message.

Victoria, B. C., May 28.—Disasters involving the loss of 2,000 lives, 1,000 in a typhoon and flood in Hankow, and an equal number in a coal mine fire in Kwang Ci, were reported from China today in messages brought by the Japanese line Shinono.

HAD DUG HIS OWN GRAVE.

Upper Sandusky, May 28.—Harkness K. Inman, a veteran of the civil war, who dropped dead Tuesday, will be buried today, according to his own instructions in a grave dug by himself in a cemetery established by him. He will have no casket and will be interred in an army blanket.

FILIBUSTERS TRYING TO DELAY CINCINNATI PROBE

Columbus, May 28.—Those who are striving to prevent the investigation of affairs of Cincinnati, disclosed their plan in the supreme court today of compelling the Gayman committee of the legislature to stand still until after the suit started in the Cincinnati Circuit court can be fully disposed of there, and error prosecuted in the supreme court. In reply to this the attorney for the probe said to the supreme court that if this delay were to be enforced such time would be lost as to practically destroy the investigation. Attorneys for the com-

mittee today asked the court for leave to file suit direct in the supreme court to compel Auditor Guilbert to honor vouchers for the committee's expenses. Attorneys Boyle of Toledo, and Dinsmore of Cincinnati, urged that the case in the Cincinnati Circuit court raised every question and that it should be allowed to take its course. No decision has yet been announced.

On motion and division of the court it was decided to submit the application to the full court of six justices this afternoon.

Consolidation of all of these lines of endeavor would no doubt result in a greater impetus to the conservation policy so necessary for the welfare of coming generations—if what President Roosevelt has said is to be seriously considered.

It is confidently asserted by persons in a position to know that the President will urge the creation of this new executive department in his message to the next Congress.

If such a portfolio should be created, there seems to be no doubt in the world that the President will select as its chief Gifford Pinchot, chief forester, the best informed man in the country on natural resources, Roosevelt's bosom friend, his opponent in tennis and his comrade on many a long walk and horseback ride.

CATROW

Beat Out Harding in Third District Contest

THE BOARD'S DECISION

Result Victory for Alleged Boss of Montgomery County

Bitterness of Factions Will Effect Result at the Next Election.

Dayton, O., May 28.—Col. Herbert G. Catrow won over Congressman J. Eugene Harding in the hearing yesterday before the board delegated from the board of elections of Montgomery, Preble and Butler counties.

The hearing was held to determine whether Catrow or Harding was the legal nominee for congress from the Third district on the Republican ticket.

The result is an overwhelming victory for Charles W. Bieser, alleged boss of Montgomery county and staunch adherent of the Taft faction since the opposition of Senator Foraker developed the wide split in the Republican party in Ohio.

The hearing took place in the Common Pleas court room and was largely attended by political friends on both sides. Arguments continued all day and were finished late in the afternoon, when the board retired to its own rooms in the Retford building and began its deliberations.

The Bieser forces are elated over the decision, while representatives of Congressman Harding were noncommittal last night, but it is intimated that the wounds caused by the congressional "scrap" will not heal and that this event will be vividly reflected on election day.

GOV. HARRIS

WILL INVESTIGATE CHARGES AGAINST MASSILLON HOSPITAL ATTENDANTS.

Trustees Claim There is No Evidence to Warrant Belief That John Andrews Was Murdered.

Columbus, May 28.—What members of the state board of charities Gov. Harris will designate to investigate the charges that John Adams, an inmate, was murdered by attendants at the Massillon state hospital has not yet been determined. Nor is it settled when the investigation will start to work.

The trustees of the hospital have asked that Gen. R. Brinkerhoff of Mansfield, be one of the committee. In a letter to the Governor asking an investigation by a committee the trustees of the Massillon hospital say: "We have made a careful investigation of such charges and are unable to find any evidence which warrants us in believing that the charges are true."

CONSCIOUS

Is George Meek Today—Suffers Intensely and Does Not Know How He Was Hurt.

Although not out of danger, George Meek is resting easier at the City Hospital and this morning is conscious the first time since he was seriously injured in the fight with Fred Siegel. He suffers greatly, but his symptoms are decidedly encouraging to the physicians and nurses attending him.

The vomiting has stopped and this is regarded as a favorable sign, and though his chances are still slim, yet his recovery is looked upon a possibility by the doctors. As yet he knows nothing of the fight, at least he says he has no idea how he was injured, and this is rather astonishing, considering the fact that he is conscious and able to talk, though he is not allowed to converse with people to any extent.

WILL YOUR ESTATE BE A BUNCH OF RENT RECEIPTS?

Is it not business to invest your earnings and keep them invested? Experience has proven that fortunes invested in real estate have remained intact through more generations than when invested in any other form of property.

For the head of the family the title to his home means the saving of rents and the possession of an asset constantly increasing in value. Values in real estate have been created by the growth of population. These are factors which tend to increase the demand for, and decrease the supply of real estate.

We are now building modern houses and will offer lots for sale with or without houses, in my new addition, corner of Church and Eighth streets. Streets will be improved by paving, cement walks, gas and water to property lines, no special taxes, all improvements are paid. When all improvements are made these houses and lots will soon sell and you will have lost another opportunity to better your condition.

Can you afford to let this opportunity pass?

ORDINANCE NO. 1901.

To issue bonds to borrow money in anticipation of the collection of special assessment to pay for the improvement of Clinton Street from Locust street to a point in the North line of lots 46 and 48 in Dille, Warner & Penney's Addition by constructing a tile sanitary drainage sewer therein.

Be it ordained by the Council of the City of Newark, State of Ohio, two-thirds of all the members elected thereunto concurring:

Sec. 1. That it is deemed necessary by the Council of the City of Newark, State of Ohio, to issue and sell bonds of said City in the sum of \$100,000, for the purpose of paying the cost and expense of improvement of Clinton Street from Locust Street to a point in the North line of lots 46 and 48 in Dille, Warner & Penney's Addition by constructing a tile sanitary drainage sewer therein, by virtue of Sections 2705, 2706, 2707 of the Revised Statutes of the State of Ohio, and Sections 53 of an act of the General Assembly of the State of Ohio, entitled, "An Act to provide for the organization and incorporation of villages and to restrict their power of taxation, assessment, borrowing money, contracting debts and loaning their credit, so as to prevent the abuse of such powers, as required by the Constitution of Ohio, and repeal all sections of the Revised Statutes inconsistent herewith," passed October 22nd, 1902, and the amendment thereof, there shall be issued three coupon bonds, numbered consecutively from one to three, to the aggregate amount of \$100,000, bearing date July 1st, 1908, and payable at the office of the Sinking Fund Trustees of the City of Newark, State of Ohio.

Sec. 2. Said bonds shall mature and become due and payable as follows:

No. 1, shall mature and become due May 1st, 1910, for \$30,000.

No. 2, shall mature and become due May 1st, 1911, for \$30,000.

No. 3, shall mature and become due May 1st, 1912, for \$40,000.

Sec. 3. Said bonds shall draw interest at the rate of 5 per cent. per annum, payable semi-annually, upon the first days of July and January each year, for which purpose proper interest coupons shall be annexed to and made a part of said bonds. The fact that the City of Newark, State of Ohio, is hereby pledged for the prompt payment of the interest and principal of said bonds.

Sec. 4. Said bonds shall express upon their face the purpose for which they are issued in pursuance of this ordinance, and shall be prepared and delivered under the direction of the finance committee of the council and the city auditor, and shall be signed by the mayor of said city, and by the city auditor, and sealed with the corporate seal of said city, and the interest coupon attached to said bonds shall be executed by the city auditor, with his signature attached thereto, or he shall have his signature printed or lithographed thereon. Said bonds shall express upon their face the purpose for which they are issued, and shall cite the statutes and ordinances authorizing their issue.

Sec. 5. Said bonds shall at first be offered at par and accrued interest to the trustees of the sinking fund in their official capacity, and if the sinking fund trustees refuse to take any or all of said bonds at par or accrued interest, then said bonds not so taken shall be offered at public sale and sold in the manner provided by law, but not for less than their par value and accrued interest.

Sec. 6. The proceeds from the sale of said bonds, except premium and accrued interest, shall be deposited in the city treasury to the credit of the Clinton St. Sewer Fund and shall be disbursed upon proper vouchers for the purpose of paying the cost and expense of said improvement and for no other purpose, and the premium and accrued interest received from said sale shall be transferred to the trustees of the sinking fund to be applied by them in the manner provided by law.

Sec. 7. This ordinance shall be in force and take effect from and after the earliest period allowed by law.

ORDINANCE NO. 1900.

To issue bonds of the City of Newark, Ohio, to pay the portion of said City for the improvement of Clinton Street, by constructing a tile sanitary sewer therein.

Be it ordained by the Council of the City of Newark, State of Ohio, two-thirds of all the members elected thereunto concurring:

Section 1. That it is deemed necessary by the Council of the City of Newark, State of Ohio, to issue and sell bonds of said City, in the sum of \$89,28 for the purpose of paying the portion of the cost and expense of the improvement of Clinton Street, by constructing a tile sanitary sewer in the sum of \$89,28, by virtue of Sections 2705, 2706, 2707 of the Revised Statutes of the State of Ohio, and Section 53 of an act of the General Assembly of the State of Ohio, entitled, "An Act to provide for the organization of cities and incorporated villages and to restrict their power of taxation, assessment, borrowing money, contracting debts and loaning their credit, so as to prevent the abuse of such powers, as required by the Constitution of Ohio, and repeal all sections of the Revised Statutes inconsistent herewith," passed Oct. 22nd, 1902, and the amendment thereof, there shall be issued one coupon bond, numbered one, bearing date July 1st, 1908, in the aggregate amount of \$89,28, and payable at the office of the Sinking Fund Trustees of the City of Newark, Ohio.

Sec. 2. Said bond shall mature and become due as follows:

No. 1, July 1st, 1912.

Sec. 3. Said bond shall draw interest at the rate of 4 1/2 per cent. per annum, payable semi-annually, upon the first days of July and January each year, for which purpose proper interest coupons shall be annexed to and made a part of said bond. The fact that the City of Newark, State of Ohio, is hereby pledged for the prompt payment of the interest and principal of said bonds.

Sec. 4. Said bonds shall express upon their face the purpose for which they are issued in pursuance of this ordinance. They shall be prepared and delivered under the direction of the finance committee of the council and the city auditor, and shall be signed by the mayor of said city, and by the city auditor, and sealed with the corporate seal of said city, and the interest coupon attached to said bonds shall be executed by the city auditor, with his signature attached thereto, or he shall have his signature printed or lithographed thereon. Said bonds shall express upon their face the purpose for which they are issued, and shall cite the statutes and ordinances authorizing their issue.

Sec. 5. Said bonds shall at first be offered at par and accrued interest to the trustees of the sinking fund in their official capacity, and if the sinking fund trustees refuse to take any or all of said bonds at par or accrued interest, then said bonds not so taken shall be offered at public sale and sold in the manner provided by law, but not for less than their par value and accrued interest.

Sec. 6. The proceeds from the sale of said bonds, except premium and accrued interest, shall be deposited in the city treasury to the credit of the Clinton St. Sewer Fund and shall be disbursed upon proper vouchers for the purpose of paying the cost and expense of said improvement and for no other purpose, and the premium and accrued interest received from said sale shall be transferred to the trustees of the sinking fund to be applied by them in the manner provided by law.

Sec. 7. This ordinance shall be in force and take effect from and after the earliest period allowed by law.

Passed May 18th, 1908.

HARRY ROSSEL,
President of Council.

AMUSEMENTS

THE GIRL AND THE THIEF.

Much anticipation is already shown toward the production of "The Girl and the Thief," to be produced Friday night and at both performances Saturday by the Partello Stock Company, which is appearing at the theatre at Idlewild park. The play is a 4-act rural drama, laid on facts which occurred in a small town, Lyndonville, Vt. The play's chief charm is its simplicity, a simple story simply told, a beautiful intermingling of pathos and comedy. Many interesting scenes are shown during the action of the play, especially the sleepwalking scene in the first act and the robbery of the bank in the third act.

One of the special vaudeville features that will appear Sunday will be the Great Reynolds, the fire dancer, who made such a hit at the Auditorium the past season with the above company. Matinee Saturday and Sunday.

ORPHIUM THEATRE.

The farewell performances at the Orphium should be attended by big houses, as their bill seems to be one of the kind that should create lots of talk and comment. Rose and Rose are expert rifle shots and some of their work is really sensational bordering on the dangerous. One of the most marvelous tricks that the lady performs is to place a gun on a table, then stand back about 20 feet, place a coin on her head, then, taking aim, shoot the trigger of the gun on the table, causing it to shoot the coin from her head. It is both dangerous and sensational. The Gilmore Sisters are a pair of dainty singers and dancers that should prove a big hit. Gulliver's Lilliputians no doubt will please both young and old, while Billy M. Conklin, the minstrel monologue artist, should please without a doubt. Friday evening has not been overlooked, as Mr. Lawrie will present a bunch of talent, among whom will be the Bison City Quartette.

WILL CLOSE

Saturday Night Will Withness Last Performance at the Orphium for the Season.

The popular Orphium theatre will close its present season with the second performance Saturday night.

A special meeting of Hétacé Chapter, Daughters of the American Revolution, was held at the home of Mrs. Dr. S. C. Priest, on North Fifth street, Thursday afternoon. Mrs. Prof. Edwin Orton, of the Ohio State university, who is state regent of the Daughters of the American Revolution, was a guest of the occasion.

New Water Troughs.

The city has just received three of the new model cast iron watering troughs which will soon be set in various parts of the city. These troughs, while not as large as the cement troughs that have been recently constructed for the city, are much more easily kept in order, and not so liable to be contaminated by disease germs.

Message From W. T. Tracy.

A message from W. T. Tracy, from Pocahontas, Va., was received by his family Thursday, stating that Dr. W. D. Tracy, who lost a foot in an accident there Tuesday night, is resting comfortably. Aside from the fact that the doctor fell with his foot under a railroad train, requiring amputation just above the ankle, no further particulars of the accident have been learned. Mr. W. T. Tracy wired that a letter would follow immediately in which the details of the affair are given.

Resides on Chestnut Street.

George Meek, the stove polish salesman who was injured in a fight on Railroad street Monday night, is in no way related to the Meeks residing on Manning street. Geo. Meek is said to reside on Chestnut street. This statement is made in justice to the Meek brothers, although it is hardly necessary, as their friends are fully aware that they are not in the habit of becoming embroiled in quarrels in disreputable or any other places.

Will Close.

All lumber yards in the city will be closed on Decoration Day.

DANDRUFF

Can Be Easily Cured.

In fact, T. J. Evans, the druggist, has a French Hair Restorer called Parisian Sage, which costs only 50 cents a bottle that is guaranteed to cure Dandruff in two weeks or money back.

Parisian Sage is the discovery of Prof. Giroux, an eminent French Scientist and Hair Specialist, and is made in this country only by the Giroux Mfg. Co., of Buffalo, N. Y., who have the sole right to use the name Parisian Sage.

Parisian Sage is a most pleasant, daintily perfumed hair dressing and besides curing Dandruff your druggist will return your money if it fails to stop itching hair or itching of the scalp.

It will make hair grow, and women who desire soft, beautiful and luxuriant hair can have it in 10 days by using this famous French preparation. T. J. Evans, Warden Hotel Block, sells it under a guarantee; you take no risk.

BERGER-MEYER.

Mr. R. Mills Berger, a popular young man of this city, and Miss Vera Moore Meyer, daughter of Mr. and Mrs. J. B. Meyer, were married Wednesday evening by Dr. J. Morriston Thomas. After June 1 they will be at home to their friends at 107 Eleventh street.

OBITUARY

AMOS WALTERS.

Amos Walters, 79 years of age, one of the most highly respected residents of Licking county, is dead at his home five miles west of Newark. He is survived by his wife, four sons, Leroy, Axel, Edward and Wilson, and seven daughters, Mrs. Amanda Thompson, Mrs. Anna Bladé of Buckeye Lake, Mrs. Lucinda Close, Mrs. Eva Willard of near Licking church, Mrs. Katherine Harter and Mrs. Gertrude Henderson of this city, and Miss Emma Walters, who lives at home. The funeral will be at 1 o'clock Saturday from the Licking church. The burial will be made in Licking cemetery.

MRS. JOHN MILLER.

Mrs. John Miller, the mother of C. G. and W. G. Miller and Mrs. Fred Sunderland, all of this city, died at her home three miles southeast of Mt. Vernon, Wednesday morning at 6.15 o'clock. Mrs. Miller was born in 1826 and spent most of her life at the home where she died, after an illness of only a week, due to a complication of diseases.

The funeral service will take place at the home Friday at 1 p. m., the Rev. Mr. Smythe, rector of the Gambier Episcopal church, of which she deceased was a member, officiating.

Besides those already mentioned, the deceased leaves two sons, George Miller of Chesterville, and Reuben of home, and one adopted daughter, living near Mt. Vernon. There also remain three sisters, Mrs. John Harmer of Centerville, Adeline Vanostrian, of Summerville, N. J., and Mrs. Fanny Lyons of Traverse City, Mich.; also three brothers, Isaac of Toledo, Will of Centerville and Peter of Chesterville.

MISS MAE COCKINS.

The funeral service over the remains of Miss Mae Cockins, who died at the home of her sister, Mrs. Baker on Granville road, took place at the home Wednesday evening at 7 o'clock the Rev. T. A. Cosgrove of the Second Presbyterian church, officiating. The remains were shipped to New Concord, Ohio, Thursday morning at 6:40 for burial.

ONE CERTAINTY

Some Newark People Fully Realize It Now.

When the back aches from kidney ills.

When urinary troubles annoy you, There's a certain way to find relief; A sure way to be cured.

Doan's Kidney Pills will do it. Newark people endorse this claim.

John W. Lippincott, 127 No. Eleventh street, Newark, Ohio, says: "I suffered from rheumatism for a long time and often had such severe pains across my loins that I could not move until the attacks passed off. There was a constant, dull aching across the small of my back and if I moved quickly or brought any strain on the muscles of my back, I was rewarded with sharp knife-like twinges throughout my body. My back became very weak and the least exertion completely exhausted me. Hearing of Doan's Kidney Pills I procured a box at Crayton's drug store, started using them and they gave me prompt relief. I was so encouraged that I continued their use until entirely free from my trouble." (From statement given November 7, 1904.)

RESULTS TELL.

On Nov. 26, 1907, Mr. Lippincott said: "I cheerfully confirm my former recommendation of Doan's Kidney Pills as the benefit I obtained from their use has remained permanent. I have never been in better health than at the present time and owe my good condition to Doan's Kidney Pills."

BALLOON ASCENSIONS

AT BUCKEYE LAKE

Professor Walter Raub, the aeronaut, who has contracted for a number of balloon ascensions at Buckeye Lake Park, is to introduce a novel experiment at the lake on Decoration Day. The aeronaut will make his first double parachute leap.

The daring of the man is to be noted in his announcement that he will positively make two drops from the big gas bag alighting in safety.

In this feat two parachutes are used, so connected that one is cut loose from the balloon and just begins its descent when the performer jumps from it with the second parachute. In order to accomplish the feat in safety the man is compelled to rise to a height of several thousand feet in mid air.

Fire Ended These Experiments.

The electric light plant installed in 1902 by the city of Rockville, Md., was destroyed by fire in 1904 and was not rebuilt. There was no insurance and the city lost \$10,000.

When the municipal electric light plant of Marceline, Mo., installed at a cost of \$8,000, was burned it was not rebuilt because the people realized that it did not pay.

The mayor of Bradford, O., writes: "We operated electric plant under lease. It burned in December, 1892, and has been in litigation since. A plant is now being constructed by a private corporation to furnish street and commercial lights."

The gas bill can hardly be said to bribe the home.

What's that? Roosevelt-Taft left out in the cold, and that reactionary Senator Julius Caesar Burrows to make the keynote speech and run the convention. The White House smells sulphur these days, and Beveridge thinks the Republic is in peril.

What has congress done? Nothing of real value to the people. It stood pat and let bad enough alone.

More money was appropriated than present high taxes will produce income so that it is estimated there will be a shortage of \$150,000,000 for the coming fiscal year.

The tariff is to be revised—higher—after election, but the fate of the bill to abolish the tariff on wood pulp and print paper, shows how the Republican party stands on the tariff, more truly than any promise of reform can do.

The latest news about the Republican National convention is that the Taft men are confident of his nomination, and the anti-Taft people are certain he is defeated, with the balance of power in the hands of the committee who decide the contested delegates.

The currency bill was fixed up by the Conference Committee to suit Wall street, and the frenzied financiers. Certainly the Republican party "does things."

All this talk about idle money is nonsense. A dollar runs away faster today than ever before, and is harder to catch, of course.

WHY NOT DO IT NOW?

(New York World.)

In response to Mr. Bryan's suggestion to Mr. Taft that they "join in asking Congress to pass a bill requiring publication of campaign contributions prior to election" the Secretary of War has given out the message which he sent on the 30th of April to Senator Burrows, urging the passage of the McCall Publicity bill.

If Mr. Taft is to be the Republican nominee why does not the Republican majority in Congress give him a platform of performance, not promise? Why may not Senator Burrows in his keynote speech at Chicago enumerate among the bright deeds of the Roosevelt Administration and the Sixtieth

Congress a publicity bill actually passed?

The cheap political trick of the House leaders in loading down a publicity bill with the Crumpacker plan for reducing Southern representation, so as to insure its defeat, is well understood and hotly resented by the country. The voters of both parties favor an honest publicity bill. To pass such a measure would be good politics, because it would be good citizenship.

PRAISE FOR PHIL B. SMYTHE SPOKEN BY POLITICAL OPPONENT

(Mt. Vernon Republican-News.)

The Democrats of Licking county on Saturday nominated Mr. Phil B. Smythe for prosecuting attorney. If elected, and there is never much doubt of a Democrat's success at the polls in Licking, Mr. Smythe will have to view criminal work from the opposite side. For years he has been associated with his venerable father in defending persons indicted and accused of crimes. He is an energetic attorney and his clients never complained of lack of attention on his part. Now that he wants to take Ohio as his client Mr. Smythe will have to view matters from the other side of the fence. He would doubtless fight as hard for the commonwealth as has been his custom for defendants. Phil has many friends in Mt. Vernon who wish him success.

WALL STREET SUPPORTS TAFT.

There may be some doubt about how great the revolt of Labor will be against Secretary Taft, but that Wall Street interests will warmly support him with its money and votes seems certain. The representative Wall Street banker, Jacob H. Schiff, the partner of that "malefactor of great wealth," Mr. Harriman, has accepted the vice presidency of the Taft organization of the State of New York. He declares, "that with a rigid insistence for due and proper regard of the law, all classes of our citizens will, with Mr. Taft as President, become readily convinced that every legitimate interest will be safe in the hands of their Chief Executive."

From this we may assume that Mr. Taft will receive the united support of the Wall Street influence, and that bankers and railroad managers will vie with each other in "filling the dough-bags" of the Republican party. The malefactor of great wealth have evidently, as Mr. Schiff says: "Become readily convinced" that they "will be safe" in the hands of Taft.

ORDINANCE NO. 1903.

Determining to proceed with the improvement of Pataskala Street from South Fourth Street to South Fifth Street and South Fifth Street from Pataskala Street to South Street by constructing a tile sanitary sewer thereon.

Be it ordained by the Council of the City of Newark, State of Ohio, three-fourths of all the members elected thereto:

Section 1. That it is hereby determined to proceed with the improvement of Pataskala Street from South Fourth Street to South Fifth Street and South Fifth Street from Pataskala Street to South Street by constructing a tile sanitary sewer in accordance with a resolution declaring it necessary to appropriate money for the purpose of said improvement, passed on the 15th day of December, 1907, and in accordance with the plans, specifications, estimates and profiles heretofore approved now on file in the office of the Board of Public Service.

Section 2. That said materials used in the construction of said improvement shall be of vitrified clay sewer pipe, 12-inch diameter sewer pipe under the railroad, brick man-holes and catch-basins, with proper cast-iron covers.

Section 3. That all claims for damages resulting from said improvement shall be judicially inquired into before commencing said proposed improvement, and the Auditor is hereby authorized and directed to institute proceedings in the court of competent jurisdiction to inquire into such claims.

Section 4. That the whole cost of said improvement, less one-fiftieth thereof, and the cost of interest thereon, shall be assessed by the foot frontage upon the following lots and lands to-wit:

Section 5. That the assessments so to be levied shall be paid in 10 annual installments, with the interest on deferred payments at 5 per cent. per annum, provided that the owner of any property assessed shall, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance, in which case such assessments shall not include any item of interest upon bonds issued in anticipation of the collection of deferred installments.

Section 6. That the bonds of the City of Newark, State of Ohio, shall be issued in anticipation of the collection of assessments of Pataskala Street from South Fourth Street to South Fifth Street and South Fifth Street from Pataskala Street to South Street by constructing a tile sanitary sewer thereon.

Be it ordained by the Council of the City of Newark, State of Ohio, three-fourths of all the members elected thereto:

Section 1. That it is hereby determined to proceed with the improvement of Pataskala Street from South Fourth Street to South Fifth Street and South Fifth Street from Pataskala Street to South Street by constructing a tile sanitary sewer in accordance with a resolution declaring it necessary to appropriate money for the purpose of said improvement, passed on the 15th day of December, 1907, and in accordance with the plans, specifications, estimates and profiles heretofore approved now on file in the office of the Board of Public Service.

Section 2. That said materials used in the construction of said improvement shall be of vitrified clay sewer pipe, 12-inch diameter sewer pipe under the railroad, brick man-holes and catch-basins, with proper cast-iron covers.

Section 3. That all claims for damages resulting from said improvement shall be judicially inquired into before commencing said proposed improvement, and the Auditor is hereby authorized and directed to institute proceedings in the court of competent jurisdiction to inquire into such claims.

Section 4. That the whole cost of said improvement, less one-fiftieth thereof, and the cost of interest thereon, shall be assessed by the foot frontage upon the following lots and lands to-wit:

Formation of Parade, Line of March and Exercises Which Will Occur on Saturday, May 30.

At 7:30 a. m., the decorating company for Mt. Calvary, Capt. John Hiser in charge, will proceed in wagons to that cemetery, decorate the graves there and return to Memorial building.

At 9:30 the column for Cedar Hill will form, with right resting at center of North Park, and left on North Second street. The formation will be as follows:

1. Squad of police.
2. Chief Marshal Homer D. Place and mounted staff, as follows: Maj. Elmer Blizard, chief of staff; F. C. King, Wm. Holler, James McVey, A. G. Wyeth, Captain W. C. Miller, I. N. Phillips and Dr. W. H. Knauss.
3. Orator of the day, Rev. W. H. Rice of Gadenhutton, department chaplain of Ohio G. A. R. Mexican War Veterans and aged Civil War Veterans in carriages, City and County Officials.
4. Co. G, Fourth Regiment, O. N. G., Capt. Milton Monnette commanding.
5. Field music, Drum and Fife Corps.
6. Lemert Relief Corps and flower girls and boys.
8. Spanish War Veterans.
9. Unorganized soldiers and Sons of Veterans.
10. Civic organizations.

The column will move at 10 a. m. sharp and march around the square to East Main street, thence to Cedar Hill cemetery, halting on north and east sides of the mound. Soldiers not able to march beyond First street re-join the column at the point and cemetery gate. Upon halting, the column will be divided into nine decorating companies and each company will proceed to place flowers on each grave in the division to which it is assigned. The following list is the schedule for this work:

Senior-Captain in charge—F. G. Steele.

Division A, 55 graves—Co. A, Captain F. C. King; aid, M. B. Snider.

Division B, 59 graves—Co. B, Captain J. R. Ashbrook; aid, Charles S. Osborn.

Divisions C and D, 57 graves—Captain G. W. Chase; aid, I. M. Phillips.

Division E, 62 graves—Co. E, Captain O. E. Hunt; aid, M. R. Davidson.

Divisions F and G, 52 graves—Co. F, Capt. Elmer Blizard; aid, Lieut. Lyman Beecher.

Division H, 68 graves, G. A. R. lot—Capt. W. A. Lovett; aid, Sergeant Chas. Baker.

Division I, 41 graves—Co. I, Capt. M. O. Nash; aid, J. P. Brison.

Division J, 48 graves—Co. J, Capt. B. F. Ford; aid, Lieut. Harry W. Brown.

Division K, 20 graves—Capt. M. Monnette; aid, J. B. Crabb.

Flower depot—Col. Cliff H. Rosebrough in charge.

Each company will be accompanied by a member of the Relief Corps and a small squad of flower girls and boys.

Each captain, after decorating his division, will conduct his company to the flower depot, where flowers will be strewn in memory of the soldier dead in unknown graves who are entitled to rest in Newark cemeteries. This duty performed, the entire companies will march to the mound.

The ceremonies at the mound will consist of prayer by Rev. W. W. Trout, reading of Lincoln's Address at Gettysburg, by B. F. McDonald, firing of farewell salute by Co. G's band, "Lights Out" by Co. G's buglers, benediction.

Notes.

It is a pleasing thought that our public school children furnish the larger part of the flowers that cover the graves of our hero dead. On Friday morning the pupils bring these flowers to their school building and the teachers send them in large baskets to Memorial hall, where they are received and put in shape by the patriotic ladies of Lemert Relief Corps. These ladies prepare 600 bouquets composed of evergreen, flowers and a small flag as a special mark of official recognition.

In addition to the bouquets a squad of boys and girls accompany each decorating company and strew handfuls of loose petals on each grave. The great work that these dead soldiers have done is ever telling with irresistible effect on the world's history. Let every good citizen see that in this beautiful recognition to the nation's dead that some flower shall represent his spirit of patriotism. Let from every school desk in the city at least one flower find its final resting place on the grave of a hero.

Throw to the breeze most freely on Memorial Day the Starry Banner for which more than three million men have offered their lives and more than a hundred thousand have died on the field, and a hundred have died thousand have been wounded.

Speakers For Schools.

Following is a list of the speakers who have been assigned to address the pupils of the several public schools building on Friday, May 29:

MR. JOS. BADER

Returns from Rawhide and Relates Some Interesting Experiences to an Advocate Reporter.

Mr. Joseph Bader, for many years a familiar figure about the King shoe store, has just returned from a trip to Rawhide, Nev., the richest gold mining camp in the world, and tells some of his experiences, which are very interesting. Mr. Bader left Newark for Rawhide on Tuesday, May 5, going by way of Chicago. He says the first night out of Chicago three young students who were on their way to their homes in Denver, Colo., from Honolulu, entered the car in which he was and that finally one of them accused him of robbing him of \$30 and valuable papers. Mr. Bader says he quickly proved himself innocent of the charge and that they all became quite friendly. Nothing of further interest happened until he reached Reno, Nev., where he took a train for a run of 135 miles into the desert, after which he was compelled to travel 28 miles in a stage before reaching Rawhide. Here he found about 4,000 people living in tents and board shanties 6,000 people having left the place the previous two weeks on account of there being no work and no money. All the mines had closed down with the exception of two, and they were only working about 25 men. He found that there were nearly 100 saloons and as many gambling houses in the place; that it was no place for a poor man, and he decided to get out and go on to Los Angeles, and San Francisco, Cal.

Mr. Bader says that while between Los Angeles and San Francisco he was robbed of \$1100, which was taken out of his satchel, and that on his arrival in Los Angeles he had \$7 in money and a diamond worth \$75, which he had purchased from a man in Rawhide for \$25 and which he sold for \$40. Mr. Bader says he expects to return to Rawhide after the election.

Good For Everybody.

Mr. Norman R. Coulter a prominent architect, in the Delbert building, San Francisco, says: "I fully endorse all that has been said of Electric Bitters as a tonic medicine. It is good for everybody. It corrects stomach, liver and kidney disorders in a prompt and efficient manner and builds up the system." Electric Bitters is the best spring medicine ever sold over a druggist's counter; as a blood purifier it is unequalled. 50c at F. D. Hall's drug store.

SPIRITED COMPETITION.

There was much competition for the job it was immense, the house was real old-fashioned and surrounded by a fence; it really did need painting and the folks began to fear, that it would be unwise to let it go another year. They've advertised for painters and the work must be done right; the only stipulation is, they must use Spartan White; experience has taught them that the best lead they can buy, is our own Spartan White Lead, and that's the reason why. Spartan White Lead is the best lead made—best for the painter and best for the property owner. Manufactured by the Marietta Paint and Color Co., Marietta, Ohio. Sold by the Newark Paint Co., 31 West Church street.

W. C. T. U. NOTES.

A splendid meeting was enjoyed on Tuesday afternoon with a good attendance. Rev. Mrs. Govarts had a reading in concert the first chapter of St. John. Next on the program was a splendid talk and paper read by Mrs. O'Bannon on her trip west. This was

very pleasing to all. The business session followed and was quickly disposed of.

There will be no meeting next Tuesday afternoon on account of the Woman's Home Missionary convention to be held in the church parlors.

CLIFF L. STURGEON BUYS GROCERY OF SMITH BROS.

Mr. Cliff L. Sturgeon, has bought the Smith Brothers grocery, corner of Church and Third streets, having taken possession Thursday morning.

Messrs. Joseph and Milton Smith, who have been successfully engaged in the grocery business here for the past 22 years, have retired.

Mr. Sturgeon is one of the best known Newark men, having been active in the real estate and grocery business for several years. Formerly Mr. Sturgeon conducted a successful retail business on West Main street, but temporary ill health caused him to sell his grocery.

Now that Mr. Sturgeon is in the enjoyment of good health again, he has put on the harness and is very fortunate to secure so good a grocery and so well located a stand as that of the Smith Brothers' store. This corner in the Woodbridge block has for many years been a popular stand and under Mr. Sturgeon's management the store will in no way be allowed to depreciate.

In making the deal the Smith Brothers, who are entitled to a rest, have come into possession of Mr. Sturgeon's valuable farm east of the city.

"Oh, I Knew It. I Said Right Along They'd Beat Us."

and when he thought he saw a good chance. Four was passed and when Kahl secured his second two batters for the day both runners scored. Sykes dumped out to Gygil.

The Molders started in the eighth with two men down. Snyder dumped one just in front of the plate and was off to first like a shot. Catcher Reilly made a grab, got the ball and threw it twenty feet over Sykes' head. By the time the ball was back in the diamond Snyder was on third. Full of confidence Locke jumped to the plate and pounced out a double that sent Snyder spinning home. Gygil was furnished four wide ones and took first. Murray couldn't cut the mustard and grounded out to Kahl.

In the ninth neither side scored, though Lima looked dangerous. Pink was passed and was sacrificed to second by Newham. In attempting to steal third he was thrown out by Williams. Reilly was also passed but Poutz closed the deal by flying out to Locke. The score:

COMING.

THE COACHING LINE.

Snider's great running, meat hand catch of Pickett's drive in the sixth, was a mighty pretty affair. It was a hard chance and the ball looked good for the fence, but Lefty showed up the high speed lever and shoved up his hand just in time to catch and hold the ball.

Smith was in the game yesterday. He figured in a double, got three hits out of four times at bat, had three runs and two bases.

Kahl was also on the job during the entire game. He had five putouts and five assists without an error. He also got two hits, both of them doubles out of four times at bat.

Thoroughly discouraged Carl McVey, who for the past three seasons has managed the Mansfield Tigers yesterday resigned his position. Tim Flood was appointed manager and the team won both games that day.

The Tigers got to White yesterday for 16 bingles. White was due for a beating and he certainly got it.

The Lancaster fans are hard losers and the double defeat of Wednesday will stick in their craw for some time to come.

President Quinn of the league has sent out notices for a meeting of the club owners. The meeting will be held at the Nell House Friday evening.

When Charlie Pickett won his game yesterday it made his seventh victory.

TIGERS WON BOTH.

Mansfield, May 28. The 4 legs took both games from Lancaster yesterday by easy scores. In the first game sixteen hits were scored off White.

RELEASE THREE MEN

Panabaker, Beeman and Keuhn Are
Hauled Slips—Wratten Will
Play Here.

Strenuous efforts are being made by the directors of the Newark club to place a winning team in Newark, and to this end the support of the people must be given them. Many complaints have been registered to the directors about the work of Beeman and Panabaker, and as their work hasn't been anything that set the league on fire, the club rattled about their heels last night.

Beeman showed promise of being a pitcher, but he had the habit of tanking up at critical times, and as booze and ball don't go well together, he was released. He has been fined several times for drunkenness and was not a man to be depended upon. Panabaker had the goods but he wouldn't deliver them. It was impos-

RECITAL AT DENISON PRONOUNCED SUCCESS

Preparations Being Made for Senior Girls' Play at Which Time "Merchant of Venice" Will be Produced

How Memorial Day Will be Observed at Granville ---Afraid Side Show Men Would Capture Him---Broke Two Ribs.

Granville, O., May 28.—The recital given by Miss Marian Rose, soprano, Mr. James Harold Thomas, baritone, and Mr. Karl Eschman, pianist, pupils at the Denison Conservatory of Music, at Recital hall on Wednesday night, was a grand musical event in every particular, the entire program being well selected and "excellently rendered." Mr. Karl Eschman showed remarkable talent and technique. Mr. Thomas has a rich baritone voice and all of his numbers were greatly appreciated. Miss Rose's unique personality lent a distinct charm to the recital. Her voice is a clear high soprano, and the numbers rendered by her were beautiful and much appreciated. Following is the excellent program rendered:

Schumann, Papillons—Karl Eschman.

Ries, a Aus deinen Augen; b, Trennung; c, Hinaus—James Harold Thomas.

A. Goring Thomas, O Vision Entrancing; Henschel, Morning Hymn—Marian Rose.

Mendelssohn, Elijah, It is Enough—James Harold Thomas.

Sjogren, a, Morgen Wanderung; b, I'm Walde; Sindig, Prelude in E-flat—Karl Eschman.

Bemberg, Nymphs and Fauns—Marian Rose.

Gounod, Queen of Sheba, Lend Me Thine Aid—James Harold Thomas.

THE MERCHANT OF VENICE.

The event to which all the students and friends of Denison University look forward, is the annual Senior Girls' play, given during commencement week. For the last four years the Senior girls have so distinguished themselves by the talent they have shown in putting on stage Shakespearean plays, that they have gained the enviable reputation of giving the best college entertainment of the year. The class of 1908 will play "The Merchant of Venice," one of the most familiar popular Shakespearean comedies. The girls have done consistent work all year and are now rehearsing daily. They are under the direction of Miss Adah Eckert, whose success as an instructor in dramatics is well known to many Newark people. Anne Sorensen is business manager of the play. A novel and interesting feature of the performance is the fact that the play will be given

More proof that Lydia E. Pinkham's Vegetable Compound restores women to normal health.

Mrs. Mattie Copenhaver, of 315 So. 21st St., Parsons, Kans., writes:

"For two years I suffered from the worst forms of feminine ills, until I was almost driven frantic. Nothing but morphine would relieve me. Lydia E. Pinkham's Vegetable Compound brought me health and happiness, and made me a well woman. Every sick woman should benefit by my experience."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Don't hesitate to write to Mrs. Pinkham if there is anything about your sickness you do not understand. She will treat you like a friend, and will advise you free. No woman ever regretted writing her, and because of her vast experience she has helped thousands. Address: Lynn, Mass.

exactly as it was played in Shakespeare's time at the Globe theatre in London. On account of the demand for seats there will be two performances in Recital Hall, one on Friday, June 5, at 8:30 o'clock and one on Saturday, June 6, at 8 o'clock. In order to accommodate the Newark people who are interested in seeing really good amateur work. Tickets are on sale at Hall drug store. Seats may be reserved without extra charge by telephoning Ullman's book store, Granville.

MEMORIAL DAY.

At a meeting of the memorial committee, held in the G. A. R. rooms, final arrangements were made for the Memorial Day exercises to be held Saturday afternoon. The program is complete and promises to be one of the best ever conducted upon a like occasion in Granville.

In the afternoon at 1:30 o'clock the old soldiers with their friends will meet at the Opera House, where the following program of exercises will be carried out:

Music—Denison Band.

Invocation—Rev. C. J. Baldwin.

Song—Granville Quartet; Allierett Chrysler, Leora Norris, L. H. Lloyd and P. C. Kent, with Miss Ruth Rockwood as accompanist.

Piano Solo—Mrs. J. S. Graham.

Address—Rev. A. Ramsey.

Song—Quartet.

At the close of the exercises at the Opera House the old soldiers, together with citizens and civic societies, will form in procession and march to the cemeteries where the graves of dead heroes will be decorated.

FAT BOY FROM GRANVILLE.

A dispatch from Bucyrus says: "With nearly every other boy in town packed into a big circus tent, Wilbur Huston stayed at home feeling miserable. No circus for Wilbur, and all because he is so fat. Wilbur is 11 years old and weighs 196 pounds. He wanted to go to the circus the worst way, but was simply afraid. Though coaxed and urged to go with the other boys he stayed lonesomely at home, choking back the sobs. The secret of the boy's misery is that he is afraid of the side show—is in deadly terror that he will be captured and exhibited if he so much as shows his nose in the circus."

Wilbur is a son of Mr. Charles Huston, who formerly lived in Granville.

SHERWIN PRIZES.

After chapel Tuesday morning the annual election for the Sherwin prizes was held. The condition of award this year was general excellence—mentally, morally, and physically. The first ballot gave the three highest places to Warren Miller, Carl Boyer and George Williams. The next ballot resulted in giving the first prize of fifty dollars to Mr. Miller, and the second of twenty-five dollars to Mr. Boyer. The meeting broke up with cheers for the two men whose high standing and popularity were so significantly manifested by the honor they received.

BROKE TWO RIBS.

While engaged in cleaning house Tuesday, Mrs. Henry Williams, living a short distance east of the village, fell from a table on which she was standing against the back of a chair, breaking two ribs. Mrs. Williams did not realize that she had suffered a fracture of her ribs until later in the day, when she felt great pain in her side and called a physician, who on discovering the trouble set the broken bones.

GRANVILLE MAY GET FACTORY

Granville, May 28.—It seems unnatural to suggest manufacturing in connection with this college town, where nothing else is ever talked of but education, and where no manufacturing has flourished for a large number of years, except it be that of a broom factory which had its day some twelve or fifteen years ago. It is now rumored, however, that a big glass factory will soon be established here by the Owens Machine Bottle company of Toledo, and that a large

force of men is to be employed. Granville is located in "a heart of the gas belt and no better location for a glass factory could possibly be found. How true this report is your correspondent is unable to say, but that there is something in the report is evidenced by the fact that several gentlemen who are connected with the glass industry, are said to have been in Granville and vicinity recently looking over the ground.

WEIANT "CUKES"

Now in the Market in All Central Ohio—Big One at This Office.

Weiant's vegetable factory, east of Newark, is now turning out cucumbers of the Weiant variety, furnishing about all of Central Ohio. One "cuke," which may now be seen in the Advocate bulletin window, weighs over two pounds and is 14 1-2 inches long. Four days before it was taken from the greenhouse the cucumber was only 4 inches in length. The Weiant vegetable factory—a series of huge modern greenhouses just east of Newark—employs twenty people and will soon give employment for a larger number of workers. During the winter lettuce was produced. At this season of the year the product consists of cucumbers and tomatoes.

ATTEMPTS SUICIDE

MERE LAD DASHES IN FRONT OF INTERURBAN CAR WITH SUICIDAL INTENT.

Tells Pitiful Story to Officers of His Mother's Cruel Treatment—Case to Juvenile Court.

Because his mother forced him from the house and kept him out doors, Frank Cox, 12 years old, attempted to commit suicide Wednesday night by jumping in front of a west bound limited interurban car. His life was saved only by the prompt action on the part of the motorman, who reversed his car and brought it to a stop within five feet of the child's body.

Police Officer George McClure was called and took the boy to the city prison until the case could be investigated.

The would-be suicide is a brother of Calvin Cox, the young man who killed himself in Columbus the last of December of last year, by drinking pathetic acid.

The boy's mother, whose name is withheld, and who lives in a residence at the corner of Dr. P. H. Conner's office on West Main street, is accused by neighbors of treating the lad in an unkind manner, and it is said that on more than one occasion the little fellow had been forced to sleep out of doors and has been seen huddled on benches in his fast asleep.

It is altogether likely that the mother of the boy would have been taken into custody by the police last night on the strength of the story of the boy's neighbors, had it not been for the fact that she is said to suffer from nervous or heart disease, and was found that the shock would be too great for her delicate system.

An Advocate reporter called on Mrs. Cox, the mother, the lad's mother, and learned her side of the story. She stated that the boy was completely out of her control, and that he would to wrong in spite of her. She said that her husband, Edward Miller, who is now engaged in painting, with Jacob Miller, with whom he lives on South Fourth street, left her a short time ago and that his leaving was due partly to the ill behavior of the 12 year old child.

The mother accused her child of stealing two bicycles Tuesday and Wednesday, and she said that it was

due to his theft of the wheels that the trouble of Wednesday night started, which led up to the youth's attempt at self destruction. She said that she threatened to punish him, and that he ran toward the street screaming. She followed him, to keep him off the street, so she said, and he ran out onto the car track, where he stood until the motorman of the interurban car applied the air and climbed from the vestibule, snatching the rash youth from the track so that the car could proceed.

Chief Zergiebel and an Advocate reporter interviewed the lad at the prison and found his story differing materially from that of his mother, and agreeing with the statement of neighbors.

When asked if he really meant to stand there until he was struck by the car, the lad hung his head and refused to answer, but when an answer was insisted upon, with tears in his eyes, the little fellow nodded his head affirming that that was his intention.

In his conversation the boy turned against his mother and exonerated his stepfather in leaving her. He said that his mother was the cause of the separation by continual abuse of the man and the children.

The boy denied the theft of the two bicycles, saying that in each instance he had secured the permission of the owners and that when he rode home on one of them he was not permitted to return with it.

The boy gives the impression of a child, who, if cared for under proper influence, would be all right, and Chief Zergiebel has referred the case to Mrs. Mary Swan, of the Juvenile court, who will investigate the matter and endeavor to find the lad a suitable home, even if it is necessary to send him to Lancaster.

Neighbors of the Miller family state that the child has been subjected to the most cruel treatment, such as unmerciful beating and cursing, and that during the month's residence of the family in this locality the lad has been forced to sleep out of doors until the early hours of the morning on several occasions.

The boy admitted this, but his mother declared that the child did that simply for spite, as his older brother had a key to the house. The younger child stated, however, that the key was only found accidentally by his brother a couple of days ago and that he tried it in the door and found that it worked all right. Before this, Officer McClure has forced the windows of the house in order that the child might get in to go to bed.

In the city prison Thursday morning the child displayed a long bruised welt on his left arm where, he said, his mother had beat him Wednesday with a broom handle.

The boy was finally turned over to Mrs. Mary Swan, probation officer, by Chief Zergiebel, who took him before Judge Brister, acting as the Juvenile court. Judge Brister this afternoon, after hearing the boy's story of his mistreatment at the hands of his mother, which was verified by an examination made by Dr. Legge, ordered the boy sent to the Children's Home, where he will be properly cared for.
